

Maverick's Simple Image series allows you to select from two easy-to-use, scalable, desktop check and document imaging applications. By utilizing digital information, you can save time, increase productivity, reduce physical storage space, provide safe long lasting storage of vital data, and enhance customer service by quickly retrieving item images. This easy-to-use software can be utilized in a variety of business environments such as banks, credit unions, insurance, gaming, beverage, retail, and payment processing - wherever checks or documents are saved for later retrieval. Start Simple and then add more features by upgrading to the next level of software when you are ready.

Simple Image is an economical imaging solution that allows you to save checks or check sized document images on a PC. Later retrieve those images for re-presentation if an item has been lost, damaged, or challenged. Research and sort check images by scan date, amount, batch number, and teller number. Simple Image provides convenient viewing, manipulation, e-mail, and printing of images.

Realize even more benefits by adding features with **Simple Image Plus**. Add the ability to search the entire MICR line including R/T, Auxiliary fields, and Amount entry. Additional features include MICR repair, full page scan/archive/retrieve, check/document linking, re-image, e-mail, and CD creation/viewing.

Which Simple Image is right for you?

Technical Specifications

Simple Image & Simple Image *plus*

Software runs on Microsoft Windows® XP Professional or Windows® NT 4.0 platforms with Service Pack 4 and Microsoft Internet Explorer®. Intel Pentium® 1.0 GHz or faster processor with 256 MB RAM memory, 20 GB Hard Drive, Monitor and video cards supporting 1024x768 resolution with small fonts, minimum 259 colors (16-bit recommended). ADF enabled Twain complaint page scanner capable of capturing documents up to 8½" x 14". Data files can be backed up to the following media: hard drive, tape, and CDR/W drive. Pentium is a registered trademark of Intel Corporation. Windows is a registered trademark of Microsoft Corporation.

Simple image software has been interfaced to run with most check imaging hardware including Canon, Digital Check, Magtek, MIRU & Panasonic.

The image displays two screenshots of the Simple Image Plus software interface. The top screenshot shows the 'Simple Image Plus - Viewer' window. On the left is a control panel with various search and filter options. The main area displays a scanned check from MAVERICK International, dated June 1, 2006, for \$1000.00, payable to Eagle's Nest Apartments. The bottom screenshot shows the 'Simple Image Plus - Repair' window, displaying another check from MAVERICK International, dated 5/1/09, for \$84.89, payable to Miami Heat Tanning, with the signature of Audrey Larson. Below the viewer is a data table with columns for Batch #, Scan Date, Teller #, Item, Workstation Name, and Amount.

Batch #	Scan Date	Teller #	Item	Workstation Name	Amount
1	05-17-2007	1111	1	0	1.00
1	05-17-2007	1111	2	0	84.89
